PROFILE

My professional experience includes designing and crafting code for various mobile applications, and then testing the resulting code to meet client needs. I also have experience working in a collaborative environment and presenting status updates to project stakeholders. Furthermore, To secure a challenging position in a reputable organization to expand my learnings, knowledge, and skills.

WORK EXPERIENCE

Software Engineer/Team Lead(Flutter)

Invision Custom Solutions, Karachi,Pakistan 2021- Present

- Worked with software development and testing team members to design and develop robust solutions to meet client requirements for functionality, scalability, and performance.
- Discussed project progress with customers, collected feedback on different stages, and directly addressed concerns.
- Developed robust, scalable, modular, and API-centric infrastructures.
- Delivered unit-tested systems with required characteristics and within customer-prescribed timeframes.
- Reviewed project specifications and design technology solutions that met or exceeded performance expectations.
- Worked with customers for needs analysis and to determine vendor costs.
- Introduced agile methodologies and development best practices to the division to enhance product development.
- Tested methodology with writing and execution of test plans, debugging, and testing scripts and tools.

Application Developer

Leopards Courier Services Pvt Ltd, Karachi,Pakistan 2020 - 2021

- Tracked post-deployment bug reports to recognize and resolve trends among user-reported faults and complaints.
- Tested troubleshooting methods, devised innovative solutions and documented resolutions for inclusion in knowledge base for support team use.
- Designed and developed forward-thinking systems that meet user needs and improve productivity.
- Designed, developed, modified and debugged programs.
- Documented design patterns for later use as templates in subsequent patches and iterative app development cycles.
- Contributed ideas and suggestions in team meetings and delivered updates on deadlines, designs and enhancements.
